Subject: RE: Freedom of Information Request

Dear Mr Patterson

Further to our recent conversation regarding your FOI request I would be grateful if you would consider the reduced scope request below As set out below these should not incur any search and retrieval fees.

Under the Freedom of Information Act 2014 I request details of all official functions for 25 or more guests held at the Irish Embassy in Washington from 1st January 2015 to 8th December 2015. The information should include the title and purpose of function, date held, number of invited guests and the total cost of those functions over the period in question.

Let me know what you think.

Kind regards

Frances Kiernan
