

A LIST OF DOCTORS

There are hospitals which cater for the international community living in Seoul and elsewhere in the Republic of Korea (South Korea). These hospitals are of a high standard. The Embassy strongly recommends citizens to take out comprehensive travel insurance as medical expenses will be high. The Irish Embassy in Seoul does not have funds to pay hospital bills and other medical expenses on your behalf. Some of the hospitals listed below may ask for a payment guarantee before they will start treating a patient.

You can buy most prescribed medications with a doctor's prescription at pharmacies. For emergency, Korean ambulances are operated by the fire department (dial 119) and will respond promptly and take patients to the nearest hospital. For medical evacuation to points outside Korea, SOS International is located in Seoul (tel: 02- 3140-1902, web site: www.internationalsos.com)
